Dear Member:

To preserve our health and specifically the health of our older members we are holding the Board Election via the internet. However, some members may need assistance voting. This ballot is being provided to assist members that have not provided an email address to the committee or are unable to vote via the internet. Note that dues must be paid prior to voting or must have the status of Honorary Member.

For those that are comfortable voting using the email link, please do so. For those members who require their voice to be heard through more traditional channels, please use this mail-in ballot.

Please complete the form and return to the following address by July 24, 2020.
